Executed for treason against the American people under executive orders #13818 (human trafficking, crimes against humanity) and #13848 (election theft) as President of the bankrupted U.S. corporation on unknown date. Funeral was given on 20 Jan 2021 under the guise of a 3-cannon salute, inauguration ceremony. At later dates, CIC Donald J. Trump hinted at the truth, stating that Joe was "shot", did not "know he's alive", and similar to let us know that Joe was dealt with and gone. Joe's grand-daughter, Naomi Biden, claims that grandpa Joe died in 2018 but Snopes claims she's lying. I would think the immediate family would know! The current appearance of the Biden administration is a creation of Trump's executive order #13961 as a continuity of the federal government, while the actual government (Trump administration) embarked in early 2020 on a "federal mission" which is currently ongoing....
